Forecast for Sunday 13 Mar 2022

Weather: Periods of rain clearing as scattered showers spread from the southwest towards dawn. Scattered showers through the morning and afternoon, with sunny spells increasing into the afternoon, lift temperatures and bringing the risk of thunderstorms. Showers dying away through the evening as clear spells increase. Snow level around 900m

Chance of cloud-free hill tops above 600m: By day 70% at first becoming 90% from the afternoon.

Low cloud and visibility: Good or very good becoming moderate or poor in overnight rain then showers, very poor within cloud with bases widespread in early rain above 600m, but infrequently so later in later showers.
